

APRIL POST-HPBExpo ISSUE

Bonus Distribution: International Furniture Market, High Point

Coming off the HPBExpo, everyone will still be on a high, and ready to get back to business. This is the perfect time to show retailers your new products.

EDITORIAL FEATURES

2019 Vesta Awards – The Vesta Awards have just concluded, and we now present the winners and finalists in 17 different categories. New products stimulate sales; innovative new products can be game changers.

That's why retailers and manufacturers eagerly anticipate the results of the Vesta Awards program.

HPBExpo Report – There's always a lot of news coming out of the Expo. *Hearth & Home's* Bill Sendelback is there to report on important meetings, events, and other matters of significance.

HPBExpo Barbecue Report – Lisa Readie Mayer will visit every barbecue booth at the show, and report back on new products, new companies, and new technologies on display in Dallas.

Electric Grills – Perfect for a hi-rise apartment, or the back of a boat, electric grills can go where other grills can't go. For that reason, they should do very well.
